

WILDERNESS TRAVERSE

Map 1 of 2

Five Winds Ski Trails Legend

The Five Winds Ski trails (shown with purple lines on map) are yellow-blazed routes through the forest. Sometimes they are easy to follow, other times they are very challenging. They are marked by yellow plastic tags as follows:

- Single marker on left of trail or angled left if on right side of trail
- Double markers indicate direction change, generally on outside of turn
- Triple markers indicate three-way junction
